February 25, 2025

Greetings, NHCCS Families,

I am thrilled to announce that NHCCS has been considered for the prestigious Blue Ribbon School of Excellence designation! This is an incredible honor and a testament to our ongoing commitment to being the Model of Excellence in Urban Education.

As part of this journey, we need your participation in a parent survey. The survey will be emailed to you, and a letter containing your unique survey code will be sent home on March 5, 2025.

To make participation easy, we will have computers available in the gym on Thursday, March 26, 2025, during drop-off and pick-up times for parents who would like to complete the survey on-site. Your support is invaluable as we work toward achieving **Blue Ribbon School of Excellence** status.

I am excited about this opportunity and grateful for your participation. Together, we can achieve this remarkable milestone!

Educationally yours,
Dr. S. Webb,
Principal
